

LOBBYISTS:

The IWCA does not engage full time lobbyist(s). This is based primarily on Business (Financial) and Legal (IRS Requirements for our pending 501 c 3 tax status) implications. However, within the bounds of responsible fiduciary responsibility, the IWCA (& IWCA-LC) may elect, upon written request, to financially support certain organizations that do contract with lobbyists. Personal decision(s) to support lobbyists is independent of the IWCA, Inc. and at the discretion of each member.

LEGAL ACTIONS/CAMPAIGNS RELATING to AR ORGANIZATIONS:

The IWCA does not take 'official' action relating to anti-AR campaigns. The IWCA-LC & Network, representing the IWCA, was established to address legislative bills, not legal campaigns, or potential lawsuits *Addressing AR bills from a legislative position is more financially sound than engaging them in the courts, especially when funds are limited.* Personal decision(s) to support anti-AR campaigns is independent of the IWCA, Inc. and at the discretion of each member.
